3.1 Expand by including 31 additional agencies

3.2 Raise SBR program statewide goal to 15%

3.3 Count payments to registered small businesses toward the SBR program goal only if the procurement was originally designated as SBR
A unit may apply only 60% of the costs of the materials and supplies provided by the certified minority business enterprise if the certified minority business enterprise is a regular dealer for purposes of achieving the minority business enterprise contract goal.
For purposes of this paragraph and paragraph (15) 13 of this subsection, “regular dealer”: means a firm that owns, operates, or maintains a store, a warehouse, or any other establishment in which the materials, supplies, articles, or equipment are of the general character described by the specifications required under the contract and are bought, kept in stock, or regularly sold or leased to the public in the usual course of business; and does not include a packager, a broker, a manufacturer’s representative, or any other person that arranges or expedites transactions.

History of MTA Procurement Organized Outreach Events

- Motivated by desire to avoid single bids

- First Industry Day March 24, 2016
  - Advertised on Mass Transit Magazine website and via its emailed newsletter and with direct email to advertisers on their website
  - Sold out in three days on Eventbrite.com; leadership direction was to set up a repeat event for one week later

- GOMA strongly advised doing more to promote SBR in FY 2017 Strategic Plan
  - SBR Industry Day September 27, 2016
  - Utilized GOMA, MDOT and SBA to invite businesses

How UMD Scrubs Its PCard Data

Discussion Topics:

- What information is reported to the Governor's Office of Minority Affairs

- What Reporting Program UMD Utilizes

- How PCard Data is Separated
UMD Starting Point

- Detailed Transaction Report downloaded from US Bank (slightly different from Level 3 report)
What Reporting Program UMD Utilizes

- UMD currently uses an MS Access Database to scrub the data.

- We are looking at other systems to run reports more efficiently in the future:
  - Bank system
  - UMD Data Warehouse
How PCard Data is Separated

- Data is flagged in database using multiple queries
- Once flagged, detailed reports are run
